INCIDENT REPORT, FILED LATE

DOCKET	YU-0005
CATEGORY	CORRESPONDENCE

ACT	unassigned (pending a committee)

Date of incident: Tuesday.
Date of report: considerably after Tuesday.

Reason for late filing: The incident report form was itself the subject of an incident (it was used as a coaster). A replacement form was requested via the form-request form, which was also late.

Summary of incident: At approximately 10:30 a chair was found in the wrong room. It was returned to the correct room. It was later found in the wrong room again. The chair maintains it has never left.

Injuries: None. One bruised ego (reporting officer's), not caused by the chair.

Action taken: Chair labelled. Label removed by persons unknown. Second label applied, laminated.

Lessons learned: File promptly. Laminate everything.

* Declassified by the Records Office stapler committee. Redactions are decorative. Any resemblance to an actual cafeteria is coincidental.
