ACT	unassigned (pending a committee)

TO: All personnel
FROM: Office of Snack Compliance
RE: Unauthorised snacks (again)

It has come to the attention of this Office that snacks continue to be consumed outside the Designated Snacking Perimeter (DSP), most notably in Corridor B, the stairwell, and, on one documented occasion, inside a filing cabinet.

Effective immediately, the following are reclassified:

ITEM	OLD STATUS	NEW STATUS
Crackers (plain)	Tolerated	Tolerated, loudly
Crackers (cheese)	Tolerated	Under review
Grapes	Permitted	Permitted if counted
Anything crunchy during meetings	Discouraged	Classified
The Unidentified Sandwich	Unknown	See separate Act

Personnel found with crumbs on their person will be asked to explain the crumbs. Repeat offenders will be assigned to [redacted] duty.

This memorandum supersedes the previous memorandum, which nobody read.

* Declassified by the Records Office stapler committee. Redactions are decorative. Any resemblance to an actual cafeteria is coincidental.
