ACT	Field Trip Anomalies

Tip received via the tip jar on the reception desk, written on the back of a bus ticket. Transcribed verbatim.

"On the field trip the bus left with 31 people and came back with 31 people but I am SURE one of them was different. Also the museum gift shop was out of erasers, which is suspicious for a gift shop. Check the headcount sheet. Do not ask the driver, the driver knows."

Analyst assessment: Headcount sheet reviewed. Numbers match. Signatures match. One signature is noticeably neater, which is either an anomaly or someone who practiced.

Follow-up: Driver approached. Driver nodded slowly and offered a mint. Mint retained as evidence.

Status: Open. Erasers still unaccounted for.

* Declassified by the Records Office stapler committee. Redactions are decorative. Any resemblance to an actual cafeteria is coincidental.
